DETAILED ACTION

Response to Amendment

The amendment filed on December 16, 2002, under 37 CFR 1.131 has been considered and an action on the merits follows.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, lines 9-11, the claim is functionally indefinite. The various presses of the press production series are not positively recited, and thus, render the claim indefinite. The claim is particularly confusing in that only a single press machine is being claimed.

Allowable Subject Matter

Claims 1-4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claim 5 is allowed.

Response to Arguments

Applicant's arguments filed December 16, 2002 have been fully considered but they are not persuasive.

Applicant argues that the presses of the press production series are not a critical element (page 2, lines 13-16). However, the argument is not found persuasive because each limitation in the claim must be positively recited in order to provide a basis for functional limitations (i.e. "an offset drive specific to various presses"). Therefore, claim 1 is still functionally indefinite for failing to positively recite various presses of the press production series.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
